REASONS FOR AND BENEFITS OF THE ACQUISITION

The Target Group is principally engaged in the manufacturing and trading of upholstered furniture in the United States. Based in northern Mississippi, the Target Group primarily operates through two brand names, Southern Motion which was founded in 1996 focusing on manufacturing of reclining furniture, and Fusion Furniture which was founded in 2009 focusing on manufacturing of stationary furniture. The Group believes that, following the Closing, there will be synergies between the business of the Target Group and that of the Group from the cross-selling opportunities through the Target Group's distribution network of over 1,000 active customers of furniture retailers, as well as the cost saving opportunities from the procurement of raw materials and enhanced manufacturing efficiency.

The Target Group has 8 facilities in northern Mississippi encompassing more than 2 million square feet. The Board not only anticipates synergies between the business of the Group and that of the Target Group but, following Closing, the Group's manufacturing footprint would be expanded to the United States to address the opportunities and challenges arising from changes in the international trade environment.

Taking into consideration the reasons for and benefits of the Acquisition to the Company as mentioned above, the Board considers that the terms of the Purchase and Sale Agreement are on normal commercial terms and are fair and reasonable and in the interests of the shareholders of the Company as a whole.
